

Replacement Sheet

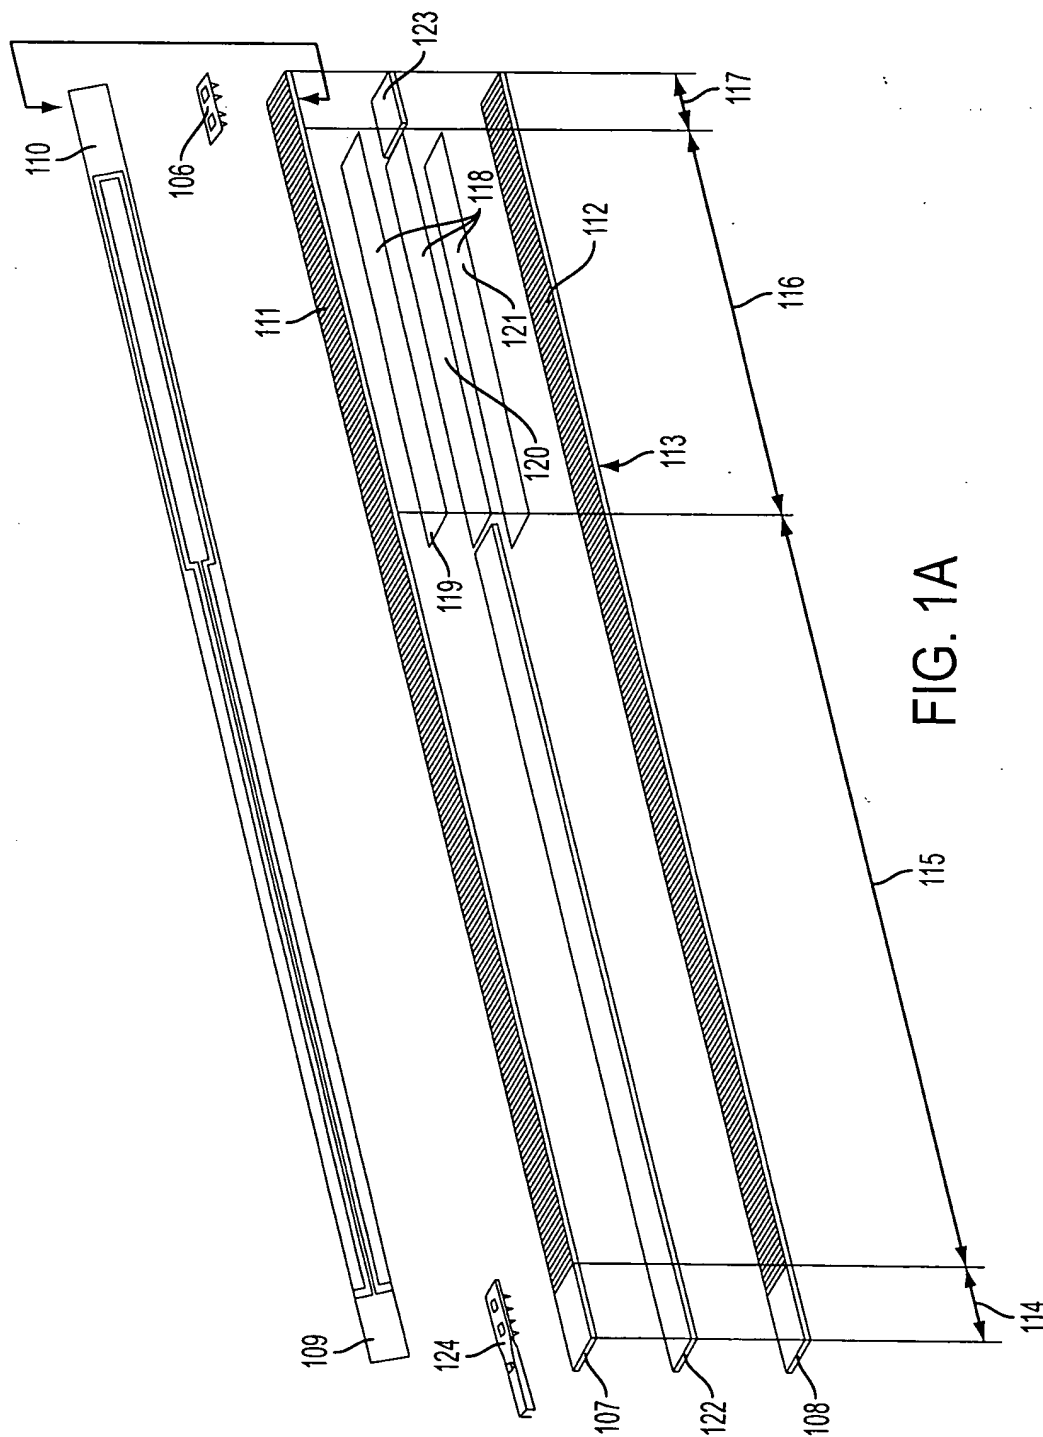

FIG. 1A

This figure shows a perspective view of a multi-layered electronic device assembly. The assembly consists of several stacked layers, including a top layer (106) with a textured surface, a middle section (111) containing multiple internal layers (112, 113, 114, 115, 116, 117), and a bottom layer (108). Various components are labeled with reference numerals: 109 points to a component on the left side; 110 indicates a specific layer or interface; 123 and 124 point to small rectangular features on the top and bottom surfaces respectively; 127 points to a vertical edge or corner; 128 points to a small protrusion at the bottom right; and 129 points to a small feature near the bottom center. Arrows indicate the thicknesses of certain layers, such as 112, 113, 114, 115, 116, and 117.
